JUNE 2013

The next outing is **CHOP SUEY MEET Sunday July 14th** at Haleiwa. Traditionally, 2 divers, Uhu and Uku, are paired. The intent is to share knowledge and techniques by combining divers taking into account their experience and abilities. It is hoped that the “OLD – or more experienced “ will be providing some benefit to the “NEW – or less experienced” ---however this doesn't always prove correct, and often the ‘Old’ learns from the ‘New’, and heck-- everyone benefits. Meet us at the usual spot at Haleiwa Park under the last Big Tree (Waimea end of the Park) starting at 7:30 AM for registration, briefing, pairing of partners and hopefully starting the dive shortly after 8 AM.. We're anticipating favorable diving weather for the area. This is a Swim from Shore open to all meet and you can go anywhere but **MUST** return and check in by 12 NOON. Safety is everyone's concern and it is the divers responsibility to be accountable and check in with AHK before the deadline. A telephone number will be provided at the briefing.
